- (3) Available fee will not be adjusted at the end of a performance period to reconcile actual costs to initially estimated costs. Fee is subject to adjustment under the provisions of Clause I.149, *Changes*, other contract provisions, or DEAR 970-1504-1-3 (c) (5).

- (4) If any line item construction project(s) is authorized for the National Renewable Energy Laboratory, a construction management fee will be added to paragraph (c)(2) above for each such project when they are authorized. The maximum possible adjustment to fee will be developed using the construction management fee schedule set forth in DEAR 915.404-4-71-5(f). The maximum possible fee will be calculated by adding the total estimated cost of the construction project, spread over those fiscal years for which costs is expected to be incurred, for the initial construction management fee base. For each subsequent construction project, the maximum possible fee will be calculated by adding the total estimated cost of the construction project, spread over those fiscal years for which costs are expected to be incurred to the fee base previously established for construction management contract(s) for the years affected. Actual construction management fee available will be established through negotiation of the parties.

B.4 Allowability of Subcontractor Fee

If the Contractor is part of a consortium, joint venture, and/or other teaming arrangement, the team shall share in this Contract fee structure and separate additional fee for teaming partners shall not be considered an allowable cost under the contract. If a subcontractor, supplier, or lower-tier subcontractor is a wholly owned, majority owned, or affiliate of any team member, any fee or profit earned by such entity shall not be considered an allowable cost under this contract unless otherwise approved by the Contracting Officer.

The subcontractor fee restriction in paragraph (a) does not apply to members of the Contractor's team that are: (1) small business(es); (2) Protégé firms as part of an approved Mentor-Protégé relationship under the Section H Clause entitled, *Mentor-Protégé Program*; (3) subcontractors under a competitively awarded firm-fixed price or firm-fixed unit price subcontract; or (4) commercial items as defined in FAR Subpart 2.1, *Definitions of Words and Terms*.

B.5 Provisional Payment of Performance Fee

The Contractor may, subject to the approval of the Contracting Officer, be paid provisional performance fee payments consistent with the provisions of Clause I.138, *Payments and Advances*. The Contractor shall promptly refund to the Government any amount of provisional performance fee paid that exceeds the amount of performance fee earned.

B.6 Fee Available Upon Termination

In the event this contract is terminated for the Government's convenience, either in whole or in part, the amount of award fee available shall represent a pro rata distribution associated with the evaluation period activities or events as determined by the Contracting Officer.

B.7 Leadership Performance Evaluation

The Contractor's Leadership performance will be measured against how the Contractor has strategically partnered with DOE and demonstrated leadership success in achieving positive results. This may be evidenced by:

- (1) Achieving site mission deliverables while supporting and enabling the overall DOE mission;
- (2) Improving organizational culture and safety culture;
- (3) Maintaining critical skills and infrastructure;
- (4) Advancing Science & Technology including Laboratory Directed Research and Development (LDRD) and Technology Transfer;
- (5) Operating the Laboratory effectively, efficiently, safely, and securely to meet current mission requirements and to accomplish additional Strategic Investments that enhance or develop new capabilities, address long-standing challenges, or respond to new or emerging threats;
- (6) Resolving issues and ensuring continuous improvement internally and across DOE while meeting Contract requirements; and
- (7) Demonstrating parent company involvement/commitment to the overall improvement of the Laboratory and DOE.
